Parage Golf Extenders

The original heavy duty extender.

Parage Graphite Shaft Extensions (GSE) were originally introduced in 1996 in Four sizes and were an instant success. Made from the original ultra durable model mold with the latest materials that stand up to the heaviest hitters!

Parage surpasses industry standards by providing seven additional sizes for a true custom fit.

Using a 12.5% Nylon Blend M344/909ABS by Ascend Performance, (formerly Dupont ~ Monsanto) for Maximum Strength and to eliminate breakage.

The original heavy duty Graphite Shaft Extension!

Golf's Original Grip Manufacturer

CROSSLINE BLACK

The Crossline Black combines a distinctive high traction pattern with a firm and durable compound material for a secure and consistent feel that lasts round after round.

CROSSLINE

The best-selling Crossline grip delivers maximum surface traction and outstanding torsion control. Crossline grips have been a favorite among top players for nearly 20 years.

CROSSLINE 1150

Designed to promote more consistent and precise short game shots, the NEW Crossline 1150 is the ideal wedge grip with a longer, straighter shape and enhanced, logo-free Crossline pattern.

CROSSLINE 360

The new Crossline 360 features an enhanced 'universal' pattern and upgraded compound for a more comfortable feel and optimized installation flexibility.

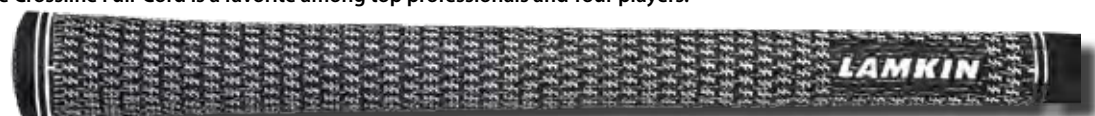

CROSSLINE 360 GENESIS FULL-CORD

The best-selling Crossline pattern is upgraded with Genesis material and matched with full-cord coverage to deliver maximum control and shot feedback.

CROSSLINE FULL-CORD

The best-selling Crossline pattern is matched with full-cord coverage to deliver maximum control and shot feedback. Acclaimed for its outstanding performance in all weather conditions, the Crossline Full-Cord is a favorite among top professionals and Tour players.

CROSSLINE PLUS ACE GRAY

For golfers who demand Tour-proven performance, classic looks and excellent feel, Crossline has been one of Lamkin's best-selling grips for over 20 years.

UTx

Specifically developed for players with higher swing speeds looking for excellent traction in a softer feeling full-cord grip, the UTx is designed to deliver longer and more consistent shots. Its Tri-Layer Technology blends three unique materials to provide exceptional torsion control and superior vibration dampening.

SONAR+ WRAP CALIBRATE

For golfers who prefer the feel of wrap style grips and looking for innovative technology designed to help their game, Sonar+ Wrap Calibrate is the first and only wrap-style grip on the market featuring reminder technology. Also featuring Fingerprint Technology and Genesis Material, Sonar+ Wrap Calibrate is a solid performer by providing a tacky feel with excellent traction, in all weather conditions.

SONAR+ TOUR CALIBRATE

For golfers with higher swing speeds seeking a high-performance grip to enhance shot-making from tee-to-green, Sonar+ Tour Calibrate features reminder technology to promote consistent hand placement and greater control of the club to better square face at impact. It is purposefully engineered with Lamkin's proprietary tacky Genesis Material in a slightly firmer durometer, and Fingerprint Technology for enhanced torsion control and consistent feel in any weather.

ST+2 HYBRID CALIBRATE

Perfect for players seeking a grip that provides excellent all-around performance in a smoother, tackier and more tactile feel, the ST+2 Hybrid Calibrate features a variety of breakthrough technologies designed to provide maximum playability and performance. While the Calibrate Technology reminder encourages consistent hand placement for better control, the all new "Smooth Tack" Genesis Material incorporates two distinct zones to provide more traction in the upper hand and soft tactile feel in the lower for incredible performance.

ST+2 HYBRID

For any golfer looking for an all-around superior performing grip, ST+2 Hybrid features Lamkin's newest "Smooth Tack" Genesis Material providing a superior feel with a tacky surface that is long lasting, comfortable and far more wear-resistant. Designed to provide traction in the upper hand and a soft tactile feel in the lower hand, golfers will fully experience the grip's unique hybrid characteristics, thereby gaining more control over shots.

SONAR+

Combining a network of FINGERPRINT TECHNOLOGY micro-textures with the ground-breaking new GENESIS material, the SONAR provides outstanding comfort and unmatched performance in all conditions. A reduced-taper shape reduces excess grip tension for a more fluid swing.

SONAR WRAP

The unmistakable feel and all-weather performance of the popular SONAR grip is now available in a NEW wrap style model.

SONAR TOUR

Combining a network of FINGERPRINT TECHNOLOGY micro-textures with the ground-breaking new GENESIS material, the SONAR provides outstanding comfort and unmatched performance in all conditions. A reduced-taper shape reduces excess grip tension for a more fluid swing.

COMFORT PLUS

An ultra-comfortable alternative to polyurethane grips, the Comfort PLUS is made of a proprietary rubber compound that is both appealingly soft and incredibly durable. The grip features a reduced-taper profile with a larger lower hand to encourage the ideal light-pressure grip. Lamkin's proprietary FINGERPRINT TECHNOLOGY provides a shallow micro-texture for comfortable traction.

SINKFIT SQUARETOP POLYURETHANE

Tour size novel shape design to assist keeping the putter face square at impact and the hands in a comfortable position on the grip.

SINKFIT PISTOL CLAW POLYURETHANE

Truly innovative putter grip shape designed in concert with Justin Rose for players using a "claw" style grip.

SINKFIT PISTOL POLYURETHANE

A classic pistol shape combined with lightweight polyurethane and surface traction for a putter grip that feels as good as it performs.

SINKFIT PISTOL RUBBER

Ergonomic-inspired putter grips fueled by a unique contoured shape and Fingerprint Technology. The traditional Pistol is a popular putter grip shape that encourages proper hand positioning.

SINKFIT SKINNY PISTOL RUBBER

Featuring a distinctive contoured shape and exclusive Fingerprint Technology, the Skinny Pistol offers maximum responsiveness and feedback.

SINKFIT STRAIGHT RUBBER

With a distinctive contoured shape and exclusive Fingerprint Technology, the Sink Fit Straight encourages lighter grip pressure and a smoother putting stroke.

SINKFIT STRAIGHT POLYURETHANE

Lightweight polyurethane, exclusive Fingerprint Technology and a distinctive contoured shape makes this an outstanding game-improvement alternative.

SINKFIT DEEP-V

The SINK Fit Deep-V is the first and only putter technology grips engineered with a thin proprietary microlight compound under listing complemented with a Fingerprint Technology rubber sleeve made from Lam kin's Genesis Material.

DEEP-ETCHED FULL-CORD

The Deep-Etched Full-Cord putter grip features a prominent horizontally etched pattern, heavy cord exposure and a traditional-sized, paddle shape. The surface texture, profile and firmer material make it an ideal choice for players who want a grip that delivers maximum feel and shot feedback.

DEEP-ETCHED

A Tour favorite for the last decade, the Deep-Etched putter grip features a prominent horizontally etched pattern and a traditional-sized, paddle shape. The surface texture, profile and firmer material make it an ideal choice for players who want a grip that delivers maximum feel and shot feedback. Additional colors available in Blue, Red and Grey.

FLAT CAT® ORIGINAL

The revolutionary FLAT CAT® putter grip puts the face of the putter in the palm of your hand. Each side of the FLAT CAT® grip is in a parallel plane with the putter face, promoting more fluid, consistent accurate putting.

FLAT CAT® TAK & PISTOL

The tackier feel of the rubber grip features exclusive FLAT1™ grip shape. FLAT CAT® putter grip puts the face of the putter in the palm of your hand. Each side of the FLAT CAT® grip is in a parallel plane with the putter face, promoting more fluid, consistent accurate putting.

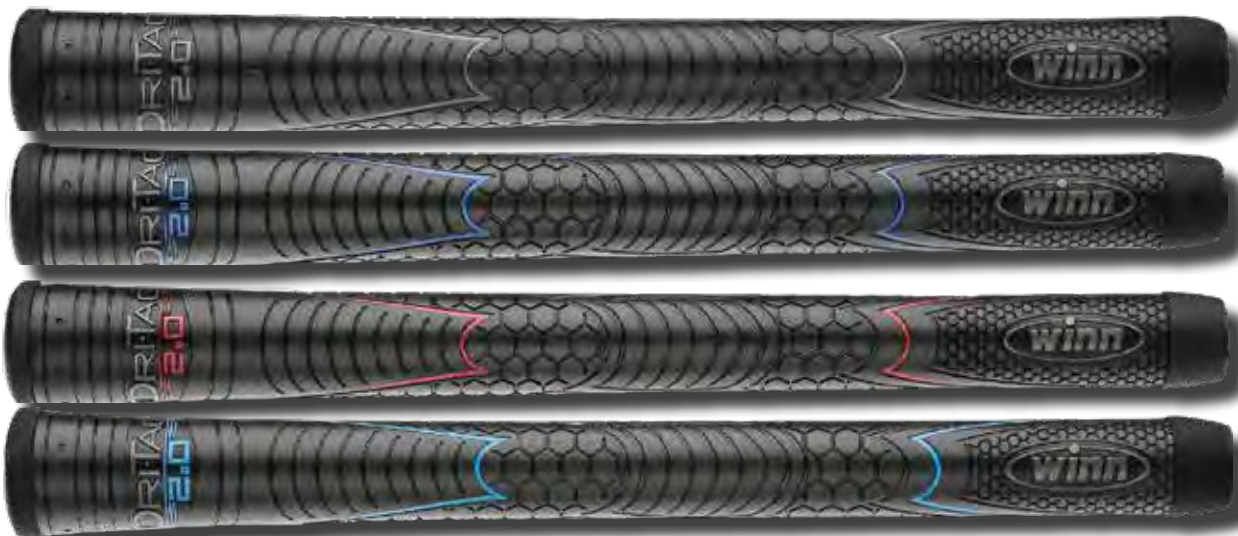

FLAT CAT® SOLUTION

FLAT CAT® Solution provides golf's first answer to the yips. The FLAT CAT® Solution's patented stainless steel weighted cone, optimally positioned directly BELOW the hands, produces a smoother, more consistent, pendulum-like stroke.

DRI-TAC 2.0

The Dri-Tac 2.0 grip represents the best of what Winn polymer technology has to offer. Improved tackiness and durability! Shock-absorbing promotes a tension free swing!

DRI-TAC

This Dri-Tac grip has a comfortable feel and remains tacky in all weather conditions. The color combination gives a stylish edge.

Winn Grip Discounts

Order 50 or more Winn Grips and receive up to 20 cents off per grip.

Call us at 704-334-6135 or visit golfcraft.com to learn more.

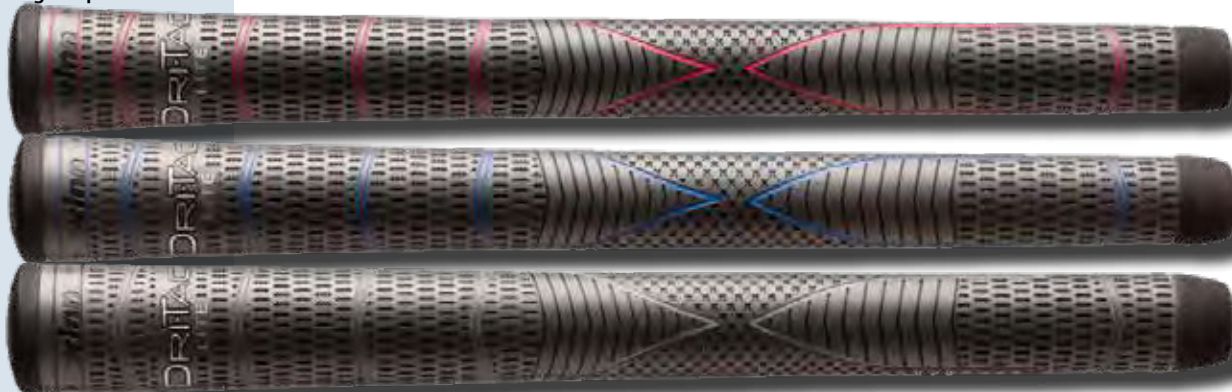

DRI-TAC LT

This Dri-Tac LT was designed with a less tapered profile that offers a larger lower hand. This feature offers better control and lighter grip pressure.

DRI-TAC LITE

The Dri-Tac Lite grips represent the ultimate in Winn Technology. The WinnDry polymer delivers tacky, all-weather playability. WinnLite grip weight to improve club head feel, swing tempo and solid contact.

DRI-TAC WRAP

This Dri-Tac Wrap has a contoured feel in a classic wrap-style design. WinnDry polymer provides cushion and comfort with exceptional non-slip all-weather performance.

EXCEL

The Excel wrap has always been a best seller. Its extremely tacky, comfortable feel has made it Winn's hallmark grip, unmatched for dry weather play.

WINNPROX 1.18

The minimally tapered profile of this attractive model eliminates wrist movement during the stroke for more consistency on the greens. The tacky Excel polymer ensures maximum comfort for ultimate feel.

WINNPROX 1.32

The 1.32" diameter grip features sleek accents and feels slightly smaller than our Jumbo putter grip. Its minimally tapered profile reduces wrist movement during the stroke for more consistency on the greens. The tacky Excel polymer provides comfort and confidence.

WINNPROX 1.60

The 1.60" grip features attractive accents and an extreme oversized feel. The large profile tapers minimally to eliminate wrist movement during the stroke. The comfortable polymer material is very tacky and instills confidence on every putt.

DRI-TAC

Dri-Tac putter grips have soft edges and proven performance. The Dri-Tac performance material offers the ultimate in comfort, feel and slip-resistance in all-weather conditions. Optimum design & pattern promoting pure putting strokes.

D2R

After more than 25 years as an innovator in the golf industry, Winn is proud to introduce their first ALL RUBBER performance grip. The D2R is Winn's firmest and most durable grip. Our proprietary rubber compound and a unique honeycomb/triple line pattern deliver both a non-slip surface with a firm responsive feel.

VSN MEDALLIST PISTOL

Seeing is believing with Winn's NEW VSN putter grips. The Excel polymer material with a new hexagon pattern, offers unmatched feel and performance, while providing that comfortable tacky feel you've come to expect from Winn.

VSN MIDSIZE PISTOL

Seeing is believing with Winn's NEW VSN putter grips. The Excel polymer material with a new hexagon pattern, offers unmatched feel and performance, while providing that comfortable tacky feel you've come to expect from Winn.

VSN JUMBO LITE PISTOL

Seeing is believing with Winn's NEW VSN putter grips. The Excel polymer material with a new hexagon pattern, offers unmatched feel and performance, while providing that comfortable tacky feel you've come to expect from Winn.

NTP

Winn's NEW NTP putter grip has a consistent no-taper unique pistol profile. The NTP is designed to promote light and even grip pressure to eliminate added movement during the putting stroke. The 1.10" diameter midsize+ provides added stability. Textures designed for optimum traction and performance, combined with Winn's proven Excel polymer material for best results on the green.

TOUR PISTOL

The Tour Pistol is designed for players who prefer a traditional size & shape putter grip. Well defined edges offer accurate alignment & consistency. All models come in an unique tone-on-tone color look with an enhanced hexagon pattern, which provides great feel and slip-resistance, promoting light grip pressure. As always, Excel polymer provides that comfortable tacky feel you've come to expect from Winn.

17WR-DG

62P21-RB

2PWR-BKG

CLASSIC WRAP

The classic wrap was developed to create a grip that emulated a real leather wrap grip with similar qualities made from high performance rubber.

TOUR STAR

The tour star was developed for the golfer that prefers a grip with less taper or large bottom hand.

SMOOTHEE

The smoothee was developed to perfectly emulate a smooth leather wrap style grip.

SIDEWINDER

The sidewinder is a non-wrapped style grip with surface engraving that emulates the sidewinder snake found in the southwest.

PISTOL PUTTER

Star Grip's Putter grip utilizes the same high quality rubber and has the look and feel of a classic wrap grip..

Star Grips are available in multiple colors.

Call us during normal business hours or visit golfcraft.com to learn more.

TRAINING GRIP

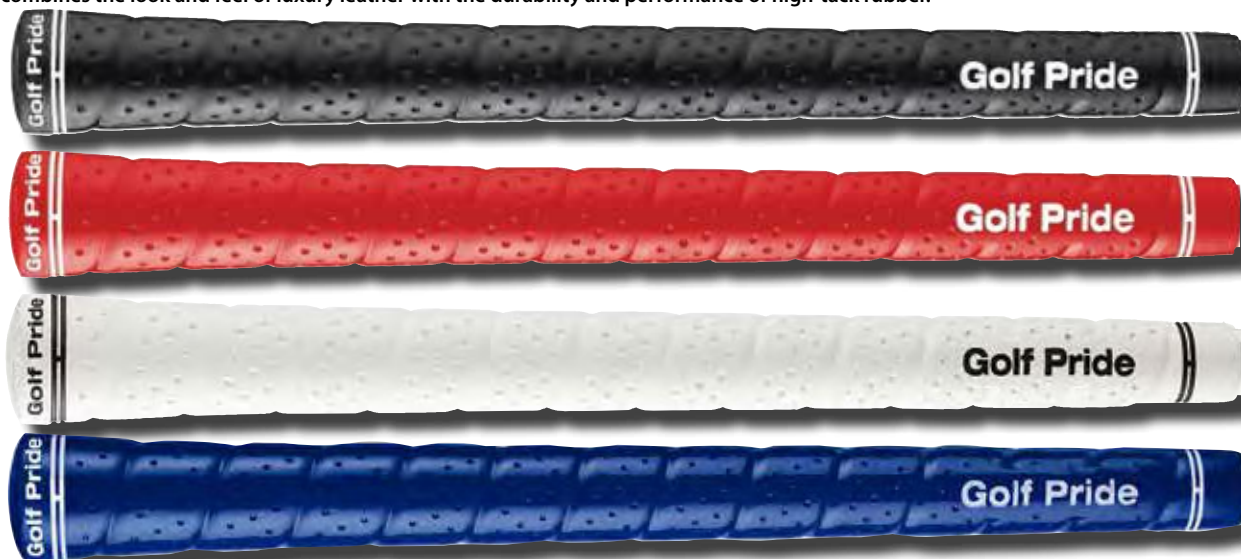

Training Grips are an excellent tool designed to teach golfers the proper hand and finger positioning for the ideal golf grip.

DESCRIPTION	WEIGHT	CORE SIZE

Left Handed	79g	.58
Ladies RH	60g	.58
Junior RH	60g	.58

#1 Grip On Tour

TOUR WRAP 2G

With a modernized look and fresh colors, the Tour Wrap® 2G® features enhanced tackiness and an even softer material for a great feel. This one-piece, simulated wrap grip combines the look and feel of luxury leather with the durability and performance of high-tack rubber.

TOUR WRAP MICROSUDE

The Tour Wrap is now available with NEW MicroSuede Technology, a proprietary brushed surface finish that delivers soft feel and added traction.

TOUR VELVET

The most popular grip in golf today combines an exclusive, state-of-the-art rubber-blend compound with a computer-designed, non-slip surface pattern for maximum playability, comfort, and confidence. The Tour Velvet® is the standard upon which many club manufacturers base their designs.

TOUR VELVET 360

The Tour Velvet® 360 is designed for adjustable drivers, fairway woods, and hybrid clubs. It features the popular look and feel of the Tour Velvet non-slip surface pattern in a 360 degree design. This grip features double-dash rings on both ends that allow for a consistent appearance regardless of shaft orientation or adjustments.

TOUR VELVET CORD (BCT)

The most widely used cord grip on Tour, the Tour Velvet® Cord comes standard with Brushed Cotton Technology (BCT®), a tighter-weave cotton twill fiber that delivers a comfortable cord grip. The Tour Velvet BCT cord features all of the great traction and all-weather performance that made the Tour Velvet the winningest cord grip on Tour.

MCC

The New Decade® MultiCompound (MCC™) is an innovative hybrid grip that fuses the positive performance of rubber and cord for an exciting new look and feel. The MultiCompound boasts the Golf Pride® exclusive Brushed Cotton Cord in the upper hand area for firm all-weather control, and a soft rubber material in the lower hand for ultimate feel and responsiveness.

MCC PLUS4

The New Decade® MultiCompound MCC Plus4™ is a tour-proven, hybrid grip that features a larger lower hand and new softer rubber material. With a 4.6% larger lower hand diameter than the Original MCC, the Plus4 encourages lighter grip pressure, reduced tension, and increased power. The lower hand features a soft, responsive rubber compound ideal for enhanced feel. The upper hand material is a soft compound with Brushed Cotton Cord and new, strategically placed Micro-Plus4-LogoTexture for downswing stability. The larger lower hand, new softer material and all-weather control deliver new performance options to the #1 Hybrid Grip on Tour

TOUR VELVET PLUS4

With a larger lower hand for more power and the moderate surface texture and all-weather performance of Tour Velvet, the Tour Velvet Plus 4 is the new standard in grip feel and performance.

CPX

Developed with EXO Diamond-Quilted pattern innovation, available in undersize, standard, midsize and jumbo.

ALIGN MCC PLUS4

Tour-inspired larger lower hand design simulates the feel of 4 extra layers of tape for lighter grip pressure and more power. Patented ALIGN Technology now available in this hybrid grip is the first with a raised ridge, assisting hand alignment to square the clubface and improve your swing consistency.

ALIGN MCC

The innovative hybrid grip combining rubber and cord for all-weather performance is now available with patented ALIGN Technology for consistent hand placement every time.

ALIGN ZGRIP

The ZGRIP ALIGN is the firmest grip model in our ALIGN Technology family, combining a heavy cord texture throughout for moisture management with the revolutionary ALIGN Technology for consistent hand placement.

ALIGN TOUR VELVET

Tour Velvet, the #1 Grip Model played on all worldwide Tours is now available with patented ALIGN Technology to improve clubface awareness and bring more consistency to your game.

CP2PRO

Combining high-performance technology with a soft, tacky feel, the innovative new CP2 Pro® and CP2 Wrap® delivers comfort and control for superior performance. Featuring Golf Pride's exclusive Control Core™ technology, a 2.5" inner core stabilizer is specifically engineered to reduce torque.

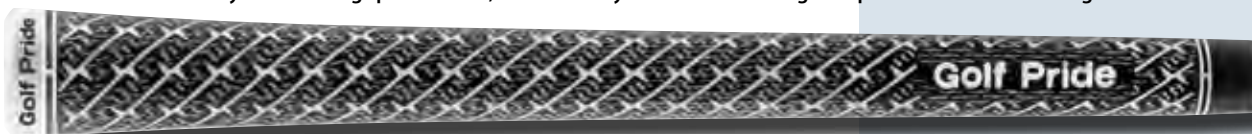

CP2WRAP

A reduced taper design allows for even grip pressure in each hand, and a soft, high-traction surface provides comfort in every swing. With the CP2, control fits in the palm of your hand. Available in Standard, Midsize and Jumbo.

Z-GRIP CORD

From the #1 Grip on Tour®, the firmest cord grip available from Golf Pride®. Combining two layers of texturing for feedback and control, the Z-Grip features a deep "Z" shaped texture pattern that winds vertically around the grip for control, while a heavy cord texture throughout provides moisture management.

TOUR SNSR CONTOUR PRO

The most preferred sculpted pistol shape on the worldwide Tours is now available in our proprietary SNSR rubber blend, with two oversized shapes for maximum feel and feedback.

TOUR SNSR CONTOUR

The Tour SNSR Contour putter grip is an evolution of the classic tapered pistol profile that is the shape preference of over 75% of Tour players. The pistol allows golfers to "lock in" their upper hand for consistent hand placement that translates to more confidence in every stroke.

TOUR SNSR STRAIGHT

Tour SNSR Straight putter grip offers a contemporary, non-taper shape promoting a consistent hand pressure and feel. The straight taper design features soft, rounded edges that are strategically beveled for palm and finger pad comfort.

We carry the full line of Golf Pride Grips.

Call us today for more information

or

sign up at Golfcraft.com for a free account.

PRO ONLY CORD

The Pro Only Cord series features brushed cotton cord for Golf Pride's firmest, most responsive putter grip!

PRO ONLY

The most preferred sculpted pistol shape on the worldwide Tours is now available in our proprietary SNSR rubber blend, with two oversized shapes for maximum feel and feedback.

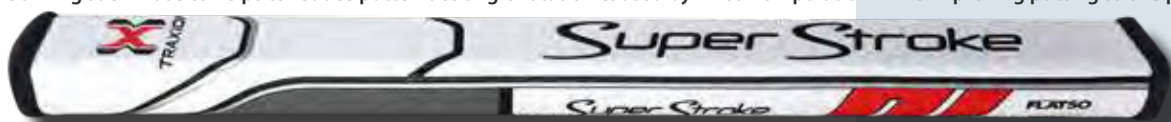

TRAXION FLATSO 1.0, 2.0, 3.0

Designed to accept all SuperStroke "Tech-Part" accessories including CounterCore weight system to engage the larger muscles for a more stable and repeatable putting stroke. Utilizing such muscles helps to reduce putter face angle rotation caused by wrist manipulation while improving putting stroke path for greater consistency.

TRAXION XL +PLUS

Designed to accept all SuperStroke "Tech-Part" accessories including CounterCore weight system to engage the larger muscles for a more stable and repeatable putting stroke. Utilizing such muscles helps to reduce putter face angle rotation caused by wrist manipulation while improving putting stroke path for greater consistency.

TRAXION FLATSO 17

The Flatso 17 is an extended version of our Flatso 3.0 putter grip that meets the needs of golfers who require something a little different, most notably those who prefer mid-length putters. Its distinct pentagonal profile is also a smart choice for golfers who position the putter grip against their lead forearm, offering increased stability from its 17-inch length and wide front design. The Flatso 17 Putter Grip is NOT CounterCore equipped.

TRAXION PISTOL GT SERIES TOUR, 1.0, 2.0

The Pistol GTR is our newest grip and it features a classic pistol shape that golfers love. The Pistol GTR grips feature No Taper Technology as well as CROSS-TRACTION™ surface texture to help you with a smooth, consistent, reliable putting stroke.

TRAXION SS2R SERIES

Designed to accept all SuperStroke "Tech-Part" accessories including CounterCore weight system to engage the larger muscles for a more stable and repeatable putting stroke. Utilizing such muscles helps to reduce putter face angle rotation caused by wrist manipulation while improving putting stroke path for greater consistency.

TRAXION CLAW SERIES

Advanced Spyne Technology is specifically engineered to aid in repeatable hand positioning. Repeatable hand placement leads to greater consistency in squaring the putter face at time of impact during the stroke.

TRAXION TOUR SERIES 1.0, 2.0, 3.0, 5.0

Our Tour Series putter grips build on the success of our most successful grip models: the Ultra Slim 1.0, Mid-Slim 2.0, Slim 3.0 and Fatso 5.0. Now with Traxion Control and Spyne Technology, the Tour Series putter grips offer golfers even more reasons to choose the No. 1 Putter Grip In Golf. No CounterCore weight is included with the grip but may be added to your purchase!

TRAXION TOUR 1.0 2-PIECE

Our 2-piece split putter grip is now even better with Traxion, the all-new advanced surface texture we've optimized for its 2-piece design. It features the classic 1-inch diameter that has helped multiple tour players get the job done with everything on the line!

WRISTLOCK

The WristLock is USGA approved and engineered to "lock" in the upper wrist to prevent any unwanted motion which leads to greater consistency in starting the ball on-line and overall distance control. Patented No Taper Technology creates even grip pressure for a more consistent stroke. Parallel design has uniform lower hand profile to minimize grip pressure and maintain putter head path for a more consistent stroke.

Max Edge Wood & Iron Heads

MaxEdge Iron Heads

Perimeter weighting for improved stability. Max Edge irons feature 5 weight screws that are interchangeable.

1° higher lofts promote a higher launch angle to get the ball easily airborne.

MaxEdge Wood Heads

Recessed Recoil Pocket along the hitting face makes the hitting face more responsive and increases the size of the sweet spot.

HYBRID HEADS, VICE CLAMPS, HOZEL BRUSHES, TEES & PENCILS

GOLF ACCESSORIES

I DRIVE II Hybrid OUR #1 Selling Hybrid

Combining the playability of a fairway wood with the accuracy of an iron. Also known as rescue clubs, hybrids have grown very popular over the past few years with recreational golfers. In fact, hybrid golf clubs have proven to be so beneficial, they're even making their way into the bags of many touring professionals. The I-Drive hybrid clubs are made to be a direct replacement to the standard irons; in head weight, loft, lie, shaft and grip.

GRIP SOLVENT

HF-100 Grip Activator is a special blend of odorless, Non-Toxic Activators and Tackifiers formulated to answer today's environmental demands. Effective with all Standard Grip Tapes. Now available in one Gallon containers.

Stock Code	Description
HF100	Grip Activator - 1 gallon

GRIP TAPE

The industry standard for the installation of slip on grips. Available in two convenient sizes. 3/4" wide for spiral wrapping or 2" wide for wrapping length wise.

Stock Code	Description	Size
GT34	Grip Tape	3/4" x 36 Yd
GT2	Grip Tape	2" x 36 Yd

VINYL SHAFT CLAMP

The vinyl vise clamp is an absolute must for regripping and shafting. The vise clamp secures the shaft without damaging the shaft during the regripping process.

Stock Code	Description
CLAMP	Vinyl Shaft Clamp

LEAD TAPE

Great for fitting, use lead tape as temporary weight on the back of both wood and iron clubs to achieve correct total weight and swingweight. It is adhesive backed and can be applied quickly and easily or left on permanently. .05 mil thick

Stock Code	Description	Size
LEAD	Lead Tape	1/2" x 36"

PRESSURIZE GRIP REMOVER & NEEDLES

This tool is used to remove grips so they can be saved and reused. The container holds a quart of solvent and creates more pressure to make removing grips a snap. Recommended with mineral spirits or Naptha only.

Stock Code	Description
GRIPR	Grip Remover
NEEDLES	Needles - 6 pack

PRO FIX 5-10

Suitable for use at any pro shop, repair facility, or manufacturing site. PRO-FIX 5 & 10 can get golfers back on the course in minutes. Dry in 5, PLAY IN 10. Comes in a convenient resealable syringe.

Stock Code	Description
PROFIX510	Pro-Fix 5-10

PRO-FIX 5&15 Quick Cure

PRO-FIX Quick Cure is a toughened medium-viscosity impact resistant two part epoxy that gives the strength of long cure adhesives. Quick Cure has a gel time of 5-8 minutes and a playable strength within 20-30 minutes at standard temperature (allow longer time for colder temps). Follow the Five Step Mixing Procedure to ensure proper bond. Available: 8 ounce kit.

Stock Code	Description
PROFIX515	Pro-Fix 5&15 Quick Cure

SHAFTING BEADS

Brampton Technology has developed these miniscule glass oxide beads, that when mixed with shafting epoxy, ensures a cushion exists between the shaft and the hosel wall that centers the shaft every time. Helps with loose fitting shafts Cushions impact, Reduces breakage Increases epoxy viscosity

Mix 2%-4% by volume with Epoxy. One 4 ounce jar does hundreds of clubs.

Stock Code	Description
BEADS	Shafting Beads

PRO-FIX RATTLE STOP

Thick, one part liquid that will not set up. A small amount placed in a metal head will catch loose particles, eliminating noise. Rattlestop will help catch loose parts inside the clubhead, and can be used to add weight to a head as well. Available in a 4 ounce plastic squeeze bottle.

Stock Code	Description
PROFIXRS	Pro-Fix Rattle Stop

PRO-FIX 20/20 LONG CURE

PRO-FIX 20/20 forms a tough off white bond line that provides very high impact resistance and shear strength. The two component adhesive is mixed 1:1 by volume and has a 20-30 minute work life and a 20 hour cure at room temperature. This product is our best seller because of its outstanding performance and versatility. Pro-Fix 20/20 gives aerospace quality bonds at an affordable price.

Stock Code	Description
PROFIX2020	Pro-Fix 20/20

SALES AND SHIPPING POLICIES

CUSTOMER SERVICE: Call in hours are 9am-4:30pm EST. Golf Professionals only please.

SHIPPING: Most orders placed before 2:00 p.m. EST will be shipped the same day

METHOD OF PAYMENT: We accept Visa and Master Card. Open accounts are available for qualifying customers.

RETURNED GOODS: If for any reason merchandise needs to be returned, contact our office for a **Return Authorization Number** before returning merchandise. Closeout, Special orders or used merchandise may not be returned. All returned merchandise must be returned in their original packaging.

DAMAGED GOODS: If an item is damaged in shipping, save the carton and notify Pace Golf immediately. We will make every effort to replace the damaged goods in a timely manner. Do not return damaged goods unless instructed to do so. All claims must be made upon receipt. **NOTE:** You must save the damaged merchandise and the original container and packaging so a claim may be filed with the carrier.

TYPOGRAPHICAL ERRORS: While we try not to have errors in pricing and product information, mistakes happen and we reserve the right to correct them. From time to time some items may be discontinued or are no longer available from the manufacturer.

SHORTAGES: Please contact our office to report any shortages within 24 hours after receiving merchandise.

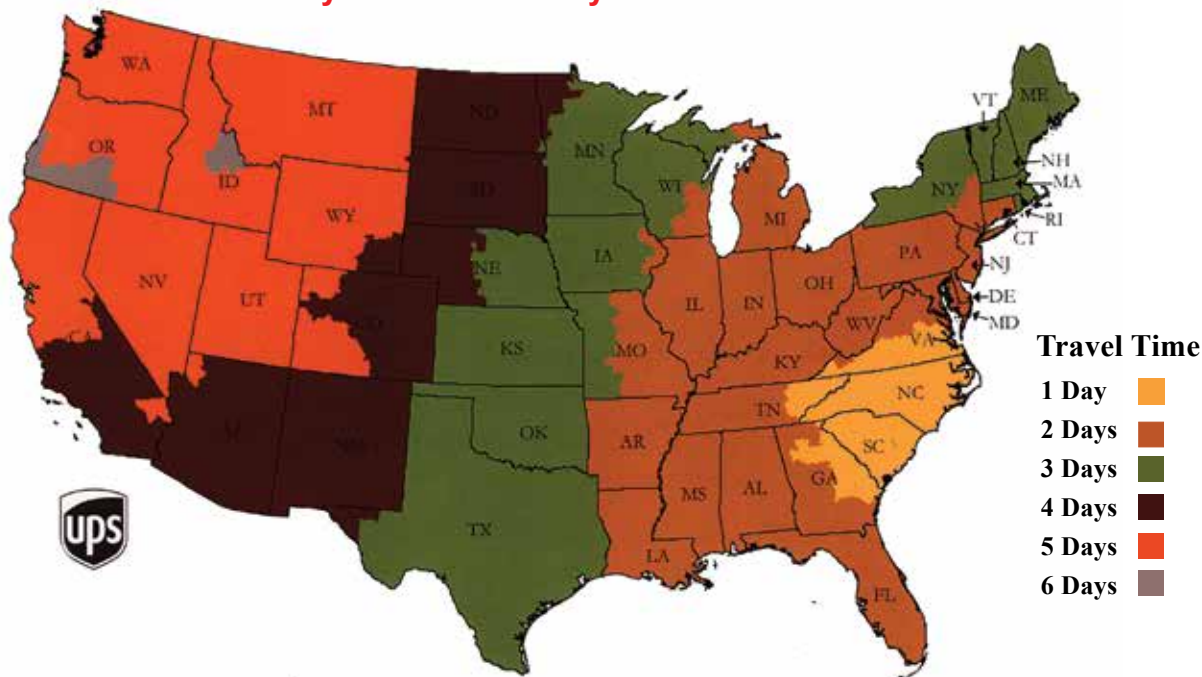

PRICES: All orders are accepted on the basis of prices and terms prevailing at the time of shipment. All prices and shipping costs are subject to change without notice. Prices are NET. Applicable taxes will be charged as necessary. As always we will strive to maintain the lowest prices.

WARRANTY POLICY: Simply send the new product back in it's original packaging or refer to the manufactures warranty after installation.

BACK ORDERS: If one or more items are temporarily out of stock we will contact you via phone, text or e-mail prior to shipment.

UPS GROUND Guaranteed Day-Definite Delivery.
